Privacy Act Statement / How Information Is Used

We will use your information to determine if your child is eligible for free or reduced-price economic status for purposes of state reporting. We may share your eligibility information with education, health, and nutrition programs to help them evaluate, fund or determine benefits for their programs, auditors for program reviews, and law enforcement officials to help them look into violations of program rules.

At public school districts, each student's economic status is also recorded on a statewide computer system used to report student data to the Minnesota Department of Education as required by state law. The Minnesota Department of Education uses this information to: (1) administer state and federal programs, (2) calculate compensatory revenue for public schools, and (3) judge the quality of the state's educational program.

Children who are eligible for free and reduced-price Economic status may be eligible for Minnesota Health Care Programs. Your child's eligibility status may be shared with Minnesota Health Care Programs unless you tell us not to share your information by checking the box in Section 4 of the application. You are not required to share information for this purpose and your decision will not affect your child's economic status as determined on this form.
